Github: <https://github.com/divyanash2007>

Email: divyanshg6289@gmail.com
Mobile: +91 7987170442

SKILLS

Languages:	Python, C, C++, PostgreSQL
Tools/Platforms:	Kaggle, Hugging Face, LeetCode, HackerRank, Github, Docker, AWS, K8s
Soft Skills:	Problem-Solving, Team Player, Adaptability

PROJECTS

Sentiment Analysis Python, NLP, Scikit-Learn, ML - Processed and cleaned 50K+ text samples using tokenization, stop word removal, and TF-IDF vectorization, reducing noisy features and improving classification efficiency. - Trained and compared 4+ ML classifiers to categorize text into positive, negative, and neutral sentiments, achieving 90%+ classification accuracy. - Evaluated models using accuracy, precision, recall, and F1-score, selecting the best-performing model based on 4 key evaluation metrics for reliable sentiment prediction.	Jul '26
Pneumonia Detection Using Chest X-Ray Open CV, CNN, Tensor Flow - Preprocessed 5K+ chest X-ray images through resizing, normalization, and feature extraction, preparing medical imaging data for efficient pneumonia classification. - Developed an ML-based binary classification model to distinguish Pneumonia vs. Normal X-ray images, achieving 90%+ classification accuracy on the test dataset. - Evaluated model performance using confusion matrix, precision, recall, and F1-score, prioritizing high recall to minimize false negatives in pneumonia detection.	Nov '25
Movie Recommendation System Python, ML, Scikit-learn, pandas, Matplotlib - Processed 5K+ movie records using Pandas and Scikit-learn, cleaning metadata and extracting features such as genres, keywords, cast, and descriptions for recommendation. - Implemented a content-based recommendation engine using TF-IDF vectorization and cosine similarity, generating personalized recommendations based on movie preferences. - Optimized feature representation across 5+ movie attributes and evaluated recommendation relevance, achieving 85%+ recommendation accuracy on test cases.	Jun '25

CERTIFICATES

CCNA Cisco Coursera	Apr' 26
ML and DL Coursera	May' 25
Python HackerRank	Mar' 25
SQL HackerRank	Mar' 25

EXTRA-CURRICULAR ACTIVITIES

- Community Development Project | Astitva Foundation** — Conducted digital literacy and cybersecurity awareness sessions for 50+ community members. Educated participants on digital payments, online safety, and fraud prevention.
- FAR AWAY 2026 | ZUUP** — Selected among the **Top 100 teams internationally** and advanced through two competitive rounds, showcasing problem-solving and innovation skills.
- Patent Publication | Machine Learning** — Co-authored and published a machine learning-based patent with two team members, contributing to solution development and technical innovation.

EDUCATION

Lovely Professional University Bachelor of Technology Computer Science and Engineering; CGPA: 9.18	Phagwara, Punjab Aug' 25 – Present
Nahar Convent School Intermediate PCM; Percentage: 89%	Ratlam, M.P Mar' 24 – May' 25
St. Joseph Convent School secondary Percentage: 92%	Ratlam, M.P Mar' 22 – May' 23
